## Cloud Commerce Solutions for Education

### Use the Right Tools for Your Business

As an education professional, it is your goal to provide the highest standard of learning possible to each student that attends your institution. Cloud Commerce offers several products to assist in the achievement of this objective by reducing the countless hours spent managing paperwork required for each student and allowing you to focus on their educational needs instead. Student records, exams, term papers, homework – all can be stored online and available with just a touch of a button. Having access to the latest technology is crucial in today's educational industry so that your students will be prepared for what will be needed in the quick paced and ever changing work environment of the future. Conferencing is just one of the many products Cloud Commerce offers to enhance the learning experience. With the new technology available, an attendee merely needs access to a browser from any platform, Windows, Windows Mobile, Mac, Linux, Unix or iPhone and they can participate in group discussions or view presentations. It is as simple as typing in a URL and within seconds can be connected depending on Internet connection speed.

### Cloud Commerce solutions work anywhere

Being available and responsive to your students is an essential part of being an educator. With the technology offered through Cloud Commerce, your smartphone will become a wireless extension of the Exchange's message center, providing immediate access to your email, contacts and calendar. You will always be able to feel confident when arranging class schedules, parent teacher conferences, and student appointments that you have the most up-to-date information available. Cloud Commerce offers a full suite of business solutions that free you from the worries of managing your technology infrastructure and lets you focus on your students. But most importantly, we will reduce your technology costs significantly. Our portfolio of On-Demand solutions offer Voice, E-Mail, Document Management, Accounting, Project Management – everything your school needs to be successful.

# What You Need, When You Need It

## Here are just a few of the solutions we offer

### Document Management

Cloud Commerce offers several products which will assist in the monumental task of document management and centralization.

### Messaging

Microsoft Exchange, an enterprise class e-mail, is now available to everyone at a very affordable price. With each subscription you will receive the award winning Anti-Virus/Anti-Spam filtering from Postini, daily data back-up of each e-mail box and the latest version of Microsoft Outlook.

### Mobile Access

The access of Microsoft Exchange through the BlackBerry, iPhone or Windows Mobile phone has been found to increase business performance by enabling your faculty the capability to make timely decisions by having access to the most accurate information available.

### Conferencing

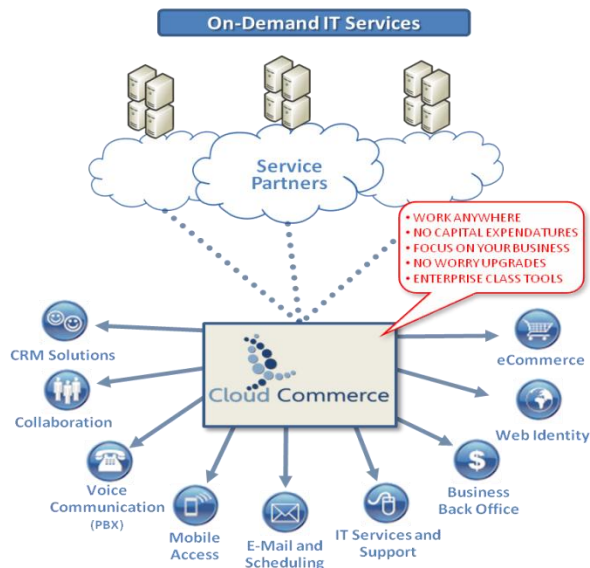

You can now gather key faculty staff members for impromptu meetings by taking advantage of this new technology we have available.

### Business Office Applications

We realize that in an educational institution faculty members are sometimes stretched very thin. This is where Cloud Commerce would like to help, by offering BizAutomation, one of the top Business Office Suites available. It provides solutions in such areas as Accounting, Customer Relationship Management, Reporting, Project Management, Payroll, Human Resources, Billing and much more.

Cloud Commerce brings your business a new approach to Business Information Technology. On-Demand or Cloud Computing technology presents many new opportunities for your business.
