Cloud Commerce Solutions for the Hospitality Industry

Use the Right Tools for Your Business

Hospitality providers face quite a challenge in the current environment. Today's patrons are much more technology savvy than ever before and expect certain services to be available during their stay. Long gone are the days when providing cable is enough, the fast paced business traveler requires high speed internet access along with local and inter-national calling to keep up with the day to day demands of their office. Cloud Commerce can meet these high expectations with one of the many products they offer. SimpleSignal will bundle a complete package of services that will meet the unique requirements of your most demanding patrons. Based on your specifications, SimpleSignal can provide connectivity, bandwidth, local and long distance minutes including abroad, voice messaging and customer service center support or even hosted PBX functionality if required. Your patrons can enjoy business-grade speaker and microphone for conferencing with hands-free convenience, while using anyone of the high-end phones available through SimpleSignal.

Cloud Commerce solutions for the office

As a hospitality professional your primary focus is meeting the needs of your patrons, providing the highest level of comfort and satisfaction and not on the mounting paper and office work required to run a successful hotel, resort or bed and breakfast. Cloud Commerce offers a full suite of business solutions that free you from the worries of managing your technology infrastructure and lets you focus on your guests. But most importantly, we will reduce your technology costs significantly. Our portfolio of On-Demand solutions offer Voice, E-Mail, Document Management, Marketing, Human Resource Management, Billing, Accounting, Payroll - everything your business needs to be successful.
