Cloud Commerce Solutions for the Legal Industry

Use the Right Tools for Your Business

As a Lawyer, your primary focus is to provide the best legal representation of the law for your clients, and not necessarily focusing on the day to day details of running your practice. Mounting paper work required for legal research, client history, evidence and court room documentation is essential for a successful outcome at trial, but can become a daunting task to manage. Cloud Commerce offers several products which will assist in developing a well structured filing system for documents so critical to your work. Legal assistants and associates will be able to share knowledge and maximize productivity with any one of the products available. No longer do you need to incur the expense of printing and mailing legal forms or requests for payment, all can be delivered with just the touch of a button. Whether you are in the office, at court, or in the field, being immediately accessible by your legal staff is crucial. Our Hosted PBX solution provided by SimpleSignal, allows your legal associates to make and receive calls from any location, at any time, on any device.

Cloud Commerce solutions work anywhere

Effective and efficient communication is crucial in promoting the appearance of availability and responsiveness to that prospective client. With the technology offered through Cloud Commerce, your smartphone will become a wireless extension of the Exchange's message center, providing immediate access to your email, contacts and calendar. You will always be able to feel confident when arranging court appearances, appointments or interviews that you have the most up-to-date information available. Cloud Commerce offers a full suite of business solutions that free you from the worries of managing your technology infrastructure and lets you focus on your client. But most importantly, we will reduce your technology costs significantly. Our portfolio of On-Demand solutions offer Voice, E-Mail, Document Management, Accounting, Billing - everything your practice needs to be successful.

What You Need, When You Need It

Here are just a few of the solutions we offer

Document Management

Cloud Commerce offers several products which will assist in the monumental task of document management and centralization.

Messaging

Microsoft Exchange, an enterprise class e-mail, is now available to everyone at a very affordable price. With each subscription you will receive the award winning Anti-Virus/Anti-Spam filtering from Postini, daily data back-up of each e-mail box and the latest version of Microsoft Outlook.

Mobile Access

The access of Microsoft Exchange through the BlackBerry, iPhone or Windows Mobile phone has been found to increase business performance by enabling your company associates the capability to make timely decisions by having access to the most accurate information available.

Conferencing

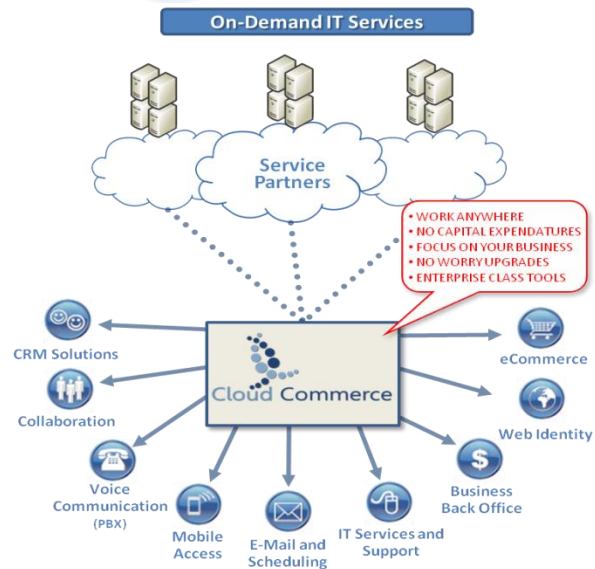

You can now gather key legal staff for impromptu meetings by taking advantage of this new technology we have available. An attendee merely needs access to a browser from any platform, Windows, Windows Mobile, Mac, Linux, Unix or iPhone and they can participate in group discussions or view presentations.

Business Office Applications

We realize that in a small legal practice office personnel are sometimes stretched very thin. This is where Cloud Commerce would like to help, by offering BizAutomation, one of the top Business Office Suites available. It provides solutions in such areas as Accounting, Customer Relationship Management, Reporting, Project Management, Payroll, Human Resources, Billing and much much more.

Cloud Commerce brings your business a new approach to Business Information Technology. On-Demand or Cloud Computing technology presents many new opportunities for your business. We understand the marketplace, technology and the players. Our job is to help you leverage these opportunities. We make sense of the confusion and help you navigate the choices and choose what is right for your business.
