ENTERPRISE CLASS TOOLS

Cloud Commerce Solutions for the Medical Industry

Use the Right Tools for Your Business

As a medical professional your primary focus needs to be on the health and well-being of your patients and not on the mounting paper work required for insurance companies and government agencies. Cloud Commerce offers several products which will assist in the organization of forms and documents critical to your practice. Nurses and office assistants will be able to share knowledge and maximize productivity with any one of the products available. No longer do you need to incur the expense of printing and mailing medical forms or requests for payment, all can be delivered with just the touch of a button. Whether you are in the office, at the hospital or out of town at a medical seminar, being immediately accessible by your medical staff is crucial. Our Hosted PBX solution provided by SimpleSignal, allows medical personnel to make and receive calls from any location, at any time, on any device.

Cloud Commerce solutions work anywhere

In the demanding and hectic field of medicine, it is often difficult to focus on running an efficient practice while striving for the highest level of patient satisfaction. There just does not seem to be enough hours in the day to complete all of the necessary tasks, this is where Cloud Commerce can help eliminate some of the stress. With just a broadband internet connection and web browser you will have access to all of your office records 24x7. Cloud Commerce offers a full suite of business solutions that free you from the worries of managing your technology infrastructure and lets you focus on your patients. But most importantly, we will reduce your technology costs significantly. Our portfolio of On-Demand solutions offer Voice, E-Mail, Document Management, Customer Relationship Management, Accounting, Conferencing; everything your practice needs to be successful.

Save 30-50% on your IT Costs

Learn about the revolution that is reshaping the way companies use technology. On-Demand IT can save companies 30%-50% on annual IT costs.

What You Need, When You Need It

Here are just a few of the solutions we offer

Document Management

Cloud Commerce offers several products which will assist in the monumental task of document management and centralization.

Messaging

Microsoft Exchange, an enterprise class e-mail, is now available to everyone at a very affordable price. With each subscription you will receive the award winning Anti-Virus/Anti-Spam filtering from Postini, daily data back-up of each e-mail box and the latest version of Microsoft Outlook.

Mobile Access

The access of Microsoft Exchange through the BlackBerry, iPhone or Windows Mobile phone has been found to increase business performance by enabling your company associates the capability to make timely decisions by having access to the most accurate information available.

Conferencing

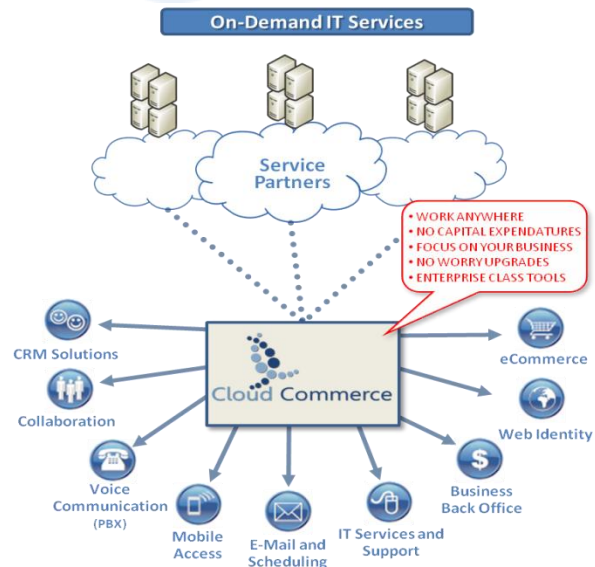

You can now gather key medical staff for impromptu meetings by taking advantage of this new technology we have available. An attendee merely needs access to a browser from any platform, Windows, Windows Mobile, Mac, Linux, Unix or iPhone and they can participate in group discussions or view presentations.

Business Office Applications

We realize that small business owners are sometimes stretched very thin. This is where Cloud Commerce would like to help, by offering BizAutomation, one of the top Business Office Suites available. It provides solutions in such areas as Accounting, Customer Relationship Management, Reporting, Project Management, Payroll, Human Resources, Billing and much more.

Cloud Commerce brings your business a new approach to Business Information Technology. On-Demand or Cloud Computing technology presents many new opportunities for your business. We understand the marketplace, technology and the players. Our job is to help you leverage these opportunities. We make sense of the confusion and help you navigate the choices and choose what is right for your business.
